TITLE: Lump Sum Awards		

AUTHORITY:
CD-082800

PROCEDURES: [4-4461] [4-4480]

In addition to an inmate's eligibility for quarterly good time, the inmate may also be eligible for Lump Sum Awards. An inmate may be eligible for a Lump Sum Good Time Award, not to exceed one (1) year per award and not to exceed a total of one (1) year for all LSA's awarded in any consecutive twelve (12) month period.

A. General Eligibility Criteria:

1. All programs must meet program certification.
2. Each program must consist of a minimum of 100 hours of supervised activity on the part of inmate participants with exception to the High School Diploma or General Education Development (GED).
3. All programs must be referred with a program plan that contains a curriculum, a statement as to the purpose of the program, program objectives, and a mechanism to assess successful completion through the responsible Division Director or Bureau Chief to the Deputy Secretary for approval.
4. Faithful observance of the rules of the institution is demonstrated by six (6) months (or since arrival at RDC, whichever is shorter) clear conduct of minor reports, twelve (12) months clear of a major report and exemplary work/program participation from the incident date of the last misconduct report to the date of the specific act or of the completion of the program qualifying the inmate for the lump sum award.
5. If an inmate is away from the facility for thirty days or less due to medical issues or court appearances and his/her good time is prorated due to that absence the inmate may still be considered for an LSA as long as all other criteria are met.
6. If an inmate sanctioned to serve disciplinary segregation is not placed into segregation to serve the sanction within one (1) year from the date of final disposition, through no fault of his or her own, the inmate may still be considered for an LSA as long as all other criteria are met.

7. If an inmate, who has maintained clear conduct for six (6) months of minor reports, twelve (12) months clear of a major report and has otherwise met the eligibility requirements for an LSA, subsequently receives a Misconduct Report, the Classification Committee shall still consider the inmate for the LSA and the subsequent Misconduct Report may be considered as a factor in the LSA decision.
8. For all inmates whose good time falls under either policy *CD-080600* (MD) or policy *CD-080200* (MGT), approved programs must be in addition to normal work or programs that are assigned by the classification committee for which inmates are earning monthly good time and the inmate must still be assigned to the program(s) through the Supervisory Review process. For example, an inmate who is recommended for an LSA for having completed a substance abuse program must also be participating in a normal program assignment such as a job, education, etc., to be eligible for the LSA. As another example, an inmate whose only program assignment is to participate in a RDAP may not receive a lump sum award for completing the RDAP program.
9. For all inmates whose good time falls under policy *CD-080400* (EMD), approved programs do not have to be in addition to normal work or programs that are assigned by the classification committee for which inmates are earning monthly good time.
10. Inmates assigned to multiple programs or to a combination of work and program assignments may not have conflicts in their schedules. For example: If an inmate is assigned to a work program from 7:30 AM to 2:30 PM, he cannot be assigned to an education program between the hours of 7:30 AM and 2:30 PM.
11. All programs must be approved at the Deputy Secretary level. The Director of Adult Prisons or the appropriate bureau chief must submit a program plan that contains a curriculum, a statement of the purpose of the program, program objectives, and a mechanism to assess successful completion of the program.
12. Inmates are not eligible for an LSA award if within 90 days of their projected release date upon completion of their program.

B. Specific Award Eligibility Criteria:

1. For engaging in a heroic act of saving life or property, performing exceptionally meritorious service, engaging in extraordinary conduct for the benefit of the state or the public that is at great expense, risk or effort on behalf of the inmate, or engaging in extraordinary conduct far in excess of normal program assignments that demonstrates the inmate's commitment to rehabilitate him or herself.
2. For successful completion of approved programs:
 - a. Approved programs must meet Provider Certification and Program Certification.

- b. Inmates must be assigned by Classification Supervisory Review process prior to being enrolled in any programs by the facility program providers.
 - c. Each program should consist of a minimum of 100 hours of supervised activity on the part of inmate participants (programs that are less than 100 hours of supervised activity shall be reviewed on a case-by-case basis).
 - d. An inmate is eligible for only one (1) Lump Sum Award per program listed in the **Programs Approved as Eligible for LSA Consideration** table.
3. For Educational Achievement:
- In addition to an inmates' eligibility to earn good time based on participation in educational and career technical programs, inmates are also eligible to receive Lump Sum Awards based on their educational and career technical achievements while actively completing in educational and career technical programming. These achievements are as follows:
- a. High School Diploma or General Education Diploma, three (3) months.
 - b. Associate's degree, four (4) months.
 - c. Bachelor's degree, five (5) months.
 - d. Graduate degree, five (5) months.
 - e. In order to qualify for LSA for earning an Associate's degree, a Bachelor's degree or Graduate degree, the education program leading to the degree or graduate qualification must either be provided by the Department or a Department contractor or subcontractor; or, the entity providing the education program must be an accredited institution and the program must be approved in advance by the Department's Education Bureau, the Classification Committee and the Warden.
 - f. All LSA's for educational and career technical programming including classes purchased by the offender must be validated and approved by the Education Bureau Chief or designee. Certificates that are not normally accepted by the Board of Education shall be rejected.
 - g. An inmate may be awarded only one (1) lump sum award for receiving a General Education Development Certificate.
 - h. An inmate may be awarded only one (1) lump sum award for receiving an Associate's degree. Subsequent Associates degrees are not eligible for an LSA.
 - i. An inmate may be awarded only one (1) lump sum award for earning a Bachelor's degree. Subsequent Bachelor's degrees are not eligible for another LSA.

- j. An inmate may be awarded only one (1) lump sum award for earning a Master's Degree. Subsequent Masters Degrees are not eligible for another LSA.
- k. If an inmate has a demonstrable physical, mental health or developmental disability that prevents the inmate from successfully earning a General Education Development Certificate (as determined by the Multi-Disciplinary Treatment Team or other personnel from the appropriate department), the inmate shall be awarded three (3) months for successfully completing an approved career technical, substance abuse or mental health program.

4. For Career Technical Achievement:

If an inmate passes all prescribed tests at all levels of any approved NCCER Craft Assessment (Journey Level Exam i.e. plumbing levels 1 through 4 not including the final exam) without having any previous certification or need to participate in the Career Technical program assignment, the inmate may receive a one month Lump Sum Award upon certification of completing the final exam.

- a. Career Technical Programming provided by college courses shall only be awarded the LSA upon completion of AA and/or BA or BS.

5. Exceptional Service for the Benefit of the Public or the Department Award:

An inmate may be eligible for a LSA for exceptional service if he/she devotes a great deal of time and expertise in performing an exceptional service for the benefit of the public or the department. However, exceptional service shall not include acts in performance of normal work duties.

- 6. The Food Services Management program shall only be coordinated through the education bureau. The Education Manager shall be responsible for reviewing and approving the recommendation and verifying the inmate's eligibility and documented participation in the program for the Lump Sum Award.
- 7. Lump Sum Awards that are not associated with educational achievement or completion of Approved Programs may not be solicited by an inmate.

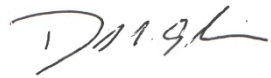

C. Procedural Review:

Any employee may recommend that an inmate receive a Lump Sum Award for engaging in a heroic act of saving life or property, performing exceptional service, engaging in extraordinary conduct for the benefit of the state or the public that is at great expense, risk or effort by the inmate, or engaging in extraordinary conduct far in excess of normal program assignments that demonstrates the inmate's commitment to rehabilitate himself or herself.

1. For successful completion of approved programs, the LSA recommendation from the Instructor or Provider must indicate the dates and number of supervised/verified hours of the inmate's participation, quality of the inmate's participation and that the Program Certification requirement has been satisfactorily met.
2. For Educational Achievement, the LSA recommendation from the Instructor or Provider must indicate the date the educational achievement was accomplished.
3. For Exceptional Service for the Benefit of the Public or the Department Award, the LSA recommendation from the recommending employee must demonstrate the manner by which the inmate devoted a great deal of time and expertise in performing an exceptional service for the benefit of the public or the Department.
 - a. If the basis for the LSA recommendation is that the inmate worked on a project that saved money for the Department, the recommendation must indicate the amount of money that was saved.
 - b. Any special projects, for which inmates are eligible for recommendation for an LSA, must have prior written approval of the Warden or Deputy Warden.
4. All LSA recommendations must include a detailed written explanation of the reason for the recommendation to the responsible facility program manager (i.e., Education Manager, Mental Health Manager, and Behavioral Health Manager). The **Recommendation for Lump Sum Good Time Award** form (*CD-0802801.1*) must be completed.
5. All LSA recommendations must include a synopsis of the supervised/verified program hours participated in and a certificate of completion of the program from the responsible facility program manager (i.e. Education Manager, Mental Health Manager and Behavior Health Manager).
6. The responsible facility program manager (i.e., Education Manager, Behavior Health Manager) will review the recommendation and verify the inmate's eligibility and documented participation in the program for the Lump Sum Award.
7. The responsible manager will review the proposal and must recommend approval, denial, or return the LSA recommendation to the recommending employee for re-submission if the recommending employee failed to include all required information on the LSA recommendation or if the requesting employee can not provide documentation supporting satisfactory program participation.
8. If an LSA is denied for any reason, a copy shall be forwarded by the responsible manager to the recommending employee with a full explanation for denial.

9. The responsible Bureau Chief or designee (i.e., Education, Behavioral) may request to review and approve any and or all LSA awards associated to their respective areas of responsibility prior to the LSA being forwarded to the classification officer.
10. If the LSA is approved by the responsible manager, the responsible manager shall forward the LSA to the respective classification officer.
11. The Classification Officer shall be responsible for ensuring all documentation from program providers meets policy criteria and will attach a copy of the Committee action assigning the inmate to the program to the LSA packet. The Classification Officer will then review the inmate's file to ensure he or she meets the following policy criteria and complete the LSA packet information:
 - a. Clear conduct for at least six months of minor reports, clear conduct for twelve months clear of major reports from the incident date of the last misconduct report through the completion of program.
 - b. Has earned full good time for the last 6 months or has applicable exceptions.
 - c. Number of LSAs and days earned within the last twelve (12) months.

12. The Classification Officer will make a recommendation and forward the completed LSA packet to the Classification Supervisor; Program Manager, or Unit Manager for review.
13. The Classification Supervisor; Program Manager or Unit Manager will review the packet and make a recommendation to the Warden or Deputy Warden.
14. The Warden or Deputy Warden will review the packet and make a recommendation to the Director or Deputy Director of Adult Prisons. For an inmate in a facility operated by a private company pursuant to a contract with the Corrections Department, the Contract Monitor will review and make the recommendation to the Director or Deputy Director of Adult Prisons.
15. The completed LSA packet will be forwarded to the Classification Bureau at Central Office for tracking, who will forward the packet to the Director or Deputy Director.
16. The Director or Deputy Director will review each case individually and shall determine the award.
17. The Classification Bureau will return the LSA packet to the facility.

18. The Records Manager will return the LSA packet to the Classification Officer who will have 10 working days to schedule the inmate for a Supervisory Review and for the LSA as determined by the Director or Deputy Director of Adult Prisons.
 19. For an inmate in a federal or out-of-state facility, Lump Sum Awards may be initiated by the office of the Classification Bureau Chief, but the Director or Deputy Director of Adult Prisons shall determine any award.
 20. A Lump Sum Award recommendation that has been denied by the Director or Deputy Director of Adult Prisons due to the inmate's failure to meet the eligibility criteria may not be reconsidered for the same Lump Sum Award at a later date (even if the inmate completes the program again), unless the basis for the original denial resulted from a misconduct report that was later dismissed and the inmate otherwise qualified for the Lump Sum award. However, the inmate may be considered for another LSA at a later date based on the inmate's completion of a different program or project.
- D. If an inmate is released on parole or discharged and is returned to prison as a parole violator or new commitment, the inmate shall not be eligible for a Lump Sum Award based on actions or programs participated in or completed prior to the inmate's original release.
- E. All Lump Sum Awards shall be recorded in the inmate's file and entered into the CMIS by the Institutional Records Manager. The only staff authorized to post Lump Sum Awards are the Records Manager or a Records Coordinator.
- F. All inmate participation in LSA programs shall be thoroughly documented and retained for program review and auditing purposes.
