DEFINITIONS

- A. Individual Treatment Plan (ITP): The purpose of the ITP is to establish therapeutic treatment goals and methods to achieve those goals.
- B. Program Mentors: Inmates may volunteer to serve as program mentors after graduating from the RDAP treatment process. Treatment staff will make the actual selection from the volunteers. Mentors assist new RDAP residents in adjusting to the RDAP and assist RDAP Participants that need help with writing and homework assignments because of reading and/or language difficulties.
- C. RDAP Completer: An inmate who has completed the RDAP. RDAP Completers can remain in the residential unit, serving as program mentors with the authorization of the Behavioral Health Manager or designee.
- D. RDAP Participant: An inmate who is participating in RDAP.
- E. RDAP Wait: An inmate who is on the waiting list for RDAP.
- F. Residential Drug Abuse Program (RDAP): A residential treatment program occupying a housing unit within the confines of a NMCD correctional facility that has a daily regimen of substance abuse and criminal behavior therapy within a structured living environment.

POLICY:

- A. NMCD will provide substance abuse programs for inmates with drug and alcohol addiction problems. This includes the use of a Residential Drug Abuse Program (RDAP), which is not limited to the following components:
1. Staff licensed and trained in drug and alcohol treatment that design and supervise the program;
 2. The selection and use of volunteers in the program;
 3. Coordination with community substance abuse programs;
 4. Efforts to motivate addicts to seek help;
 5. Realistic goals for the rehabilitation of inmates with substance abuse problems; and,
 6. Use of a variety of approaches to provide flexibility to meet the varying and special needs of different addicts. **[4-4437]**
- B. At facilities where a drug treatment program exists, the alcohol and drug abuse treatment program shall have a written treatment philosophy within the context of the total NMCD system, as well as, goals and measurable objectives. **[4-4438]**
- C. At facilities where a drug treatment program exists, there shall be an appropriate range of primary treatment services for alcohol and other drug abusing inmates that includes, at a minimum, the following: **[4-4439]**
- Inmate diagnosis;
 - Identified problem areas;
 - Individual treatment objectives ;
 - Treatment goals;
 - Counseling needs;
 - Drug education plan;
 - Relapse prevention and management;

- Culturally sensitive treatment objectives, as appropriate;
 - The provision of self-help groups as an adjunct to treatment;
 - Pre-release and transitional service needs; and,
 - Coordination efforts with community supervision and treatment staff during the pre-release phase to ensure a continuum of supervision and treatment.
- D. At facilities where a drug and alcohol treatment program exists, the facility shall use a coordinated staff approach to deliver treatment services. This approach to service delivery shall be documented in treatment planning conferences and individual treatment files. [4-4440]
- E. At facilities where a drug and alcohol treatment program exists, there shall be documented incentives for targeted treatment programs to increase and maintain the inmate's motivation for treatment. [4-4441]
- F. Inmates shall have access to a chemical dependency treatment program. When a chemical dependency program exists, the clinical management of chemically dependent inmates includes, at a minimum, the following: [4-4377]
- A standardized diagnostic needs assessment administered to determine the extent of use, abuse, dependency, and/or codependency;
 - An individualized treatment plan developed and implemented by a multidisciplinary clinical team that includes medical, mental health, and substance abuse professionals;
 - Pre-release relapse-prevention education, including risk management; and,
 - The inmate will be involved in aftercare discharge plans.

TITLE: Residential Drug Abuse Programs		

AUTHORITY:

Policy *CD-185200*

PROCEDURES: [4-4438]

A. Programs:

The Residential Drug Abuse Programs (RDAP) is designed to provide an appropriate range of primary treatment services for alcohol and other drug dependent inmates such as:

- Inmate diagnosis;
- Identified problem areas;
- Individual treatment objectives;
- Treatment goals;
- Counseling needs;
- Drug education plan;
- relapse prevention and management;
- Culturally sensitive and gender-specific treatment objectives, as appropriate;
- The provision of self-help groups as an adjunct to treatment;
- Pre-release and transitional service needs; and,
- Coordination efforts with community supervision and treatment staff during the pre-release phase to ensure continuum of supervision and treatment.

B. Selection Criteria:

The RDAP is a nine (9) month closed program designed to assist inmates with alcohol addiction, drug addiction, and antisocial behavioral patterns. The following guidelines comprise the application and admission process:

1. All applicants to the RDAP will be required to take part in a uniform interview process conducted by a member of the Behavioral Health Services Staff. Inmates access the interview process by completing and submitting a **RDAP Application** (*CD-185201.1*), available at the Behavioral Health Services or RDAP Office.
2. Applicants for the RDAP shall meet the following **time** requirements:
 - a. The applicant must have twelve (12) months or more to serve on the current or consecutive sentence, including projected good time credits, at the time of admittance to a recognized Correctional RDAP.
 - b. The applicant should have less than two (2) years to serve on the current or consecutive sentence, including projected good time credits, at the time of admittance to a recognized Correctional RDAP. Inmates that do not meet this two (2) year requirement are still encouraged to apply and will be selected on a case-by-case basis.
3. Clinical admission guidelines for RDAP are as follows:
 - a. Applicants with prior RDAP experience i.e. transfers from other RDAPs.
 - b. Applicants that maintain a protracted history of substance abuse, associated criminal charges, and pose a danger to public safety (i.e. numerous DWI convictions and/or violence associated with substance abuse.)
 - c. Applicants with severe substance abuse problems that are considered high risk and high need, as determined by the RDC COMPAS assessment.
4. The applicant must have completed the interview phase of the selection process, sign a **Consent/Refusal for Treatment**, (*CD-180101.1*) and complete an **RDAP Contract** (*CD-185201.2*).
5. The applicant must meet the diagnostic criteria of any of the Substance-Related and Addictive Disorders as defined by the DSM-5 (Diagnostic and Statistical Manual of the Mental Disorders, Fifth Edition of the American Psychiatric Association). Behavioral Health Services Staff will complete an **RDAP Assessment**, (*CD-185201.3*), a **TCU Drug Screen II**, (*CD-180201.13*), and a **Treatment Plan** (*CD-180108.1*) for every RDAP member within 30 days of entering the RDAP.

6. Applicants must agree to random drug screening prior to, during and upon completion of the RDAP.
7. All applicants must be 18 years or older at the time of admittance to the program.

C. Transferring to the Program:

1. Upon a finding that an applicant has met the criteria for the RDAP, based on COMPAS assessment and clinical assessment, the Behavioral Health Services Manager or RDAP Coordinator shall add the applicant's name to the Offender Management Plan (OMP) list of qualified applicants for the RDAP. This list shall contain the following items:
 - a. Applicant's name and number;
 - b. RDAP Treatment Provider's signature; and,
 - c. Rank of entrance priority.
2. The RDAP's Qualified Applicant Waiting List (RDAP Wait List) shall be up-dated on OMP. The master list will be maintained on OMP.
3. The Transitional Accountability (TAP) Committee will use the RDAP Wait List; to move qualified applicants into the RDAP as vacancies becomes available. Only applicants listed on the RDAP Wait List should be assigned to the RDAP.
4. RDAP Wait members will follow the same guidelines as RDAP Participants and RDAP Completers:
 - a. Support the philosophy, purpose, and goals of RDAP during the entire time the inmate is a resident of RDAP Wait;
 - b. Follow all institutional rules and maintain clear conduct during the entire time the inmate is a resident of RDAP Wait;
 - c. Remain drug and alcohol free and submit to drug testing as requested by RDAP staff under the same criteria as the RDAP residents.

D. Program Operation:

1. The RDAP shall be under the administration and supervision of the Behavioral Health Services Bureau or the RDAP administrator.
2. The Facility Behavioral Health Manager or RDAP administrator shall designate two (2) Behavioral Health Service staff members as the RDAP Coordinators or Facilitators if available. Other qualified Behavioral Health Services staff may be assigned as needed and will be designated as RDAP Staff. The Facility Behavioral Health Manager and /or Clinical Supervisor may serve as RDAP Coordinators where qualified staff is limited.
3. The Facility Behavioral Health Manager or RDAP administrator shall be responsible for:
 - a. Coordinating, screening, providing and supervising all program activities planned by the assigned staff for the unit members;
 - b. Serving as liaison with Education, Security, Programs and Classification staff;
 - c. Serving as liaison between the community and outside agencies such as Adult Probation Division and referral resources;
 - d. Overseeing the clinical services provided for the program participants; and,
 - e. Training will be offered for all correctional and counseling staff involved in the RDAP. The training will focus on both the elements of the treatment program and institutional security policies and procedures. Through cross-training, all members of the treatment team can learn to efficiently operate the unit without confusion or misunderstanding. Individual roles and responsibilities can be clarified, coordinated and integrated among various service providers.
4. To ensure that mental health services are provided to RDAP members as provided to other inmates assigned to the general population at the facility in which the RDAP is operating.
5. The Facility Behavioral Health Manager or RDAP administrator shall be responsible for:

- a. Development and implementation of a treatment program based on the social learning theory that targets the development of pro-social behavior. This includes intervention techniques that are not limited to interpersonal and cognitive problem-solving, peer oriented group therapy programs, role modeling, social skills training, and psycho-dramatization, cognitive-behavioral techniques;
- b. The use of an appropriate range of primary and secondary treatment services may include substance abuse assessment and diagnosis, problem identification and the development of individual treatment objectives and goals;
- c. The construction and use of treatment plans that are not limited to drug education, individual counseling and relapse prevention/management;
- d. The use of community resources such as Alcoholics Anonymous and Narcotics Anonymous to augment RDAP services;
- e. The use of institutional self-help groups, pre-release/transitional services, and community aftercare services to ensure the continuity of supervision and treatment;
- f. To implement the aims and goals of the RDAP in a manner that is aware of cultural and gender differences and diversities;
- g. To advocate the RDAP as a psychologically supportive environment which reinforces pro-social behavior;
- h. To ensure that group therapy is the primary mode of intervention for RDAP participants; and,
- i. The RDAP staff will refer any clients that may require mental health services to the Behavioral Health Department.
- j. Individual documentation will be completed on a bi-weekly basis for all RDAP participants, utilizing a **RDAP Progress Note**, (*CD-185201.5*).
- k. A **RDAP Discharge Summary**, (*CD-185201.5*) will be completed for all RDAP members that leave the RDAP (graduation, removal, transfer, drop-out, etc.).

6. Phases within the RDAP:

a. Phase 1: Orientation and Rational Thinking

Upon initial entry, the inmate will be in the Orientation and Rational Thinking components of the RDAP Process for a period of not less than three (3) months. During this initial program, the inmate is ideally to have no other responsibilities within the program other than developing understanding of the RDAP and their own treatment needs. Based upon progress evaluations and completion of assignments, the inmate may be:

- 1) Dismissed from the program;
- 2) Continued in Phase 1 with appropriate modifications to the resident's ITP;
or,
- 3) Placed into the Phase 2.

b. Phase 2: Criminal Lifestyles, Living With Others, and Lifestyle Balance

Inmates who successfully complete Phase 1: may be moved into the Phase 2. Residents advanced to Phase 2 will remain in this program for a period of not less than three (3) months. During this program, the main RDAP objectives of socialization, personal growth and psychological awareness are pursued through all of the therapeutic and community activities. Based on progress evaluations as measured by the ITP and program participation during Phase 2, the resident may be:

- 1) Dismissed from the program;
- 2) Retained in Phase 2 with appropriate modification to the resident's ITP; or,
- 3) Placed in Phase 3.

c. Phase 3: Recovery Maintenance, and Transition

Residents advanced to the Re-entry Program of the RDAP process will be in Program III for a period not less than three (3) months. Re-entry is the program in which the resident must strengthen skills for autonomous decision making and the capacity for self-management with less reliance on rational authorities or a well-formed peer network. Based on progress evaluations as measured by the Individual Treatment Plan and program participation during Program III, the resident may be:

- 1) Dismissed from the program;
- 2) Retained in Phase 3 with appropriate modification to the resident's ITP;
- 3) Graduated from the RDAP Process with appropriate close out of the resident's ITP; or,

c. The complete RDAP is designed to be of six to nine (9) months in duration.

E. RDAP Housing Unit:

1. The RDAP will be located in a designated housing unit/dormitory identified for RDAP members. The unit/dormitory shall have designated beds available for the RDAP. These numbers may be adjusted if the situation warrants a reduction or increase in the amount of available beds.
2. The unit/dormitory will be supplied similar to other housing units at the NMCD correctional facility in which the RDAP is operating.
3. Except during emergency situations, the unit/dormitory will house only approved RDAP Program inmates.
4. The unit/dormitory day room or designated programming area will be comfortably furnished in order to accommodate classes, groups, and meetings. This includes the following items:
 - a. Sufficient number chairs;
 - b. Dry Erase and/or Chalk Boards;
 - c. Bulletin or Announcement Boards; and,
 - d. VCR/DVD Player.

5. The RDAP Staff will maintain an RDAP program office in proximity to the RDAP Unit.

F. Security:

1. Security staff that is assigned to work a post in the RDAP will be encouraged to participate in an orientation to RDAP treatment provided by facility behavioral health staff.
2. Security staff should be aware of the activities and schedules of the RDAP, and without compromising their security mandates, attempt to conduct routine and non-routine security and other inspections without disrupting programming.
3. Security staff should work in conjunction with the RDAP Coordinators and inform him/her of any member that has been cited for an institutional rule violation.
4. Security staff should ensure that the institutional schedule is operated in conjunction with the RDAP schedule. This includes the schedule for lock-downs, counts, program calls, activities, and meals.
5. Security staff is to keep treatment information that they are exposed to during the course of their duties confidential.
6. During programming hours, the doors to the Unit will be closed to ensure confidentiality of the group process and security staff assigned to the complex will ensure that the area in front of the doors remains clear of other inmate traffic.

G. Records and Confidentiality:

1. All existing Behavioral Health Services policies and procedures for maintenance of client records and confidentiality will be followed throughout this program in accordance with Federal Law. (*42 U.S.C. § 290dd-2*)
2. Additional records may be maintained documenting school, work, conduct, and therapeutic participation.
3. All issues discussed in treatment that are non-security issues and/or covered by statute, will not be disclosed and will remain confidential.

4. The facility in which the RDAP is operating will ensure that physical space is provided to allow the therapeutic treatment processes of the program to be conducted in a confidentially protected environment.

H. Program Incentives: [4-4441]

1. Members of the RDAP shall receive the benefit of a distinct housing unit, and substance abuse program designed to assist them in recovery from a drug or alcohol addiction.
2. RDAP members will be compensated, during scheduled RDAP programming, for their RDAP participation at the current rate of \$0.30 an hour. Each individual incentive pay sheet must be submitted by the RDAP Coordinator on the first reasonably available working day of proceeding month of the pay month.
 - a. Once a new RDAP resident has been admitted to the RDAP program, he will be added to the RDAP employment accountability roster by the Transitional Accountability Plan (TAP) Committee and removed from any other institutional job assignment. This will be done within twenty-four hours of resident acceptance notification to the Deputy Warden or his designee.
3. Identified RDAP Completers may continue as program mentors: Program mentors will be paid in the same manner as regular RDAP residents as described in paragraph 2 above.
4. The Correctional Facility in which the RDAP is operating will make every reasonable attempt to remove any identified disincentive to an inmate's participation in the RDAP in as much as it is within the institutions power to do so. Inmates may be eligible for a thirty day Lump Sum Award (LSA) for successful RDAP successful completion of all three RDAP phases.
 - a. All LSA recommendations must follow the guidelines and procedures of Policy CD-082801.
 - b. Staff will submit **Recommendation for Lump Sum Good Time Award**, Form (CD- 082801.B) with attached appropriate documentation of program completion to designated Classification Supervisor or Unit Manager.
 - c. All recommendations must be reviewed by the Behavioral Health Services Manager or RDAP Coordinator or their designee.

- d. Copies of all recommendations for LSA's and their supporting documentation must be included in the Addictions Treatment section of the clinical file.
5. RDAP programming will take precedence over all other inmate programming with appropriate consideration being afforded to the RDAP Resident and RDAP program requirements in scheduling all other activities.

I. Drug Testing:

Each member of the RDAP is subject to random drug screens. Dismissal from the RDAP may be a consequence of a positive result of a drug test conducted by Behavioral Health Services Staff or Custodial Staff. The RDAP drug testing program as conducted by Behavioral Health Services staff, remains a function of the therapeutic intervention process, is administered independently from, and confidential to, other areas not directly connected to Behavioral Health Services, and the results are protected under federal law. (42 U.S.C. § 290dd-2)

Drug testing conducted by security staff may additionally result in disciplinary action under established institutional policies. Drug Testing will be evaluated using a random sample technique in order to ensure the integrity of the testing process. The following procedures apply to drug testing:

1. Each inmate of the RDAP will submit to drug testing whenever requested;
2. The days of collection will be randomly chosen;
3. On the specified day, the RDAP Coordinators will identify the residents selected to be tested;
4. The drug test sample will be physically collected by an appropriate staff member;
5. Inmates receiving positive results may be transferred out of the RDAP. Transfers will occur immediately upon clinical determination of the need to remove the resident from the program; and,
6. These procedures are independent of any other drug testing requests initiated by Security staff.

J. Removal from the RDAP:

Inmates may be removed from the program for:

1. Involvement in behavior that interferes with the therapeutic milieu; individual or group;
2. Involvement in an institutional disciplinary action. The institutional disciplinary process and the decision for removal from the RDAP are independent of one another. Members can still be removed from the RDAP regardless of the findings of the disciplinary process;
3. Failure to make satisfactory progress toward established treatment goals. Examples include, but are not limited to, insufficient participation in mandatory programming, and/or negative motivation and/or attitude (as determined by program staff);
4. Failure to perform satisfactorily in any part of the ITP that includes education or job assignment;
5. Involvement in any activity or behavior that interferes with the security, management or control of the unit or institution;
6. Failure to treat other RDAP members, associated staff members, and assigned correctional staff with the appropriate respect and/or courtesy;
7. Refusing to comply with the directions and orders provided by program and other staff members; and,
8. Mental disorders which may require an inmate's transfer to appropriate housing to meet his individual treatment needs if deemed clinically appropriate by Behavioral Health Services staff.

K. Removal Process:

1. Upon a finding that a RDAP member has met the criteria for removal from the RDAP, the RDAP Coordinator will notify the TAP Committee, of the need for the physical removal of the inmate from the RDAP.

2. The TAP Committee shall then remove the member from the RDAP within twenty-four (24) hours of the notification.
3. Former members shall not be eligible to reapply for admittance to the RDAP for a period of sixty (60) days. The 60-day period may be waived by the RDAP Coordinator on a case-by-case basis.

L. Privately Contracted Facilities:

Private facilities that operate a RDAP as part of their Operational Contract will conform to this policy. Private facility Program Managers/Coordinators will work closely with the NMCD Behavioral Health Services Bureau Chief or his/her assistant in an effort to maintain compliance and consistency with state administered RDAP program.

M. Data Management:

The Behavioral Health Services Bureau shall maintain data, evaluations, and information regarding measures of treatment outcome success.

BEHAVIORAL HEALTH SERVICES
Residential Substance Abuse Program (RDAP) Application**

The RDAP program is designed for alcohol and drug abusers who would like to change their lives in order to remain free after release from prison.

The program lasts for approximately nine months to one year, with an additional three months to mentor, which is optional. Applicants with nine months or greater to serve are eligible to apply. Program participants will live together and attend intensive group therapy. The program will attempt to have inmates go from the program to release from custody (parole or discharge) without re-entering general population. For those with longer sentences, the goal will be to improve their quality of life while incarcerated.

The program has been developed to help inmates halt their drug use and criminal behavior, and successfully begin a positive life after release from custody. The program is designed for men/women who are sick of failure, tired of incarceration, and sick of drugs destroying their lives. The program is dedicated to helping people change, become drug-free and remain free.

Please fill out the question below if you feel you are interested in the RDAP Program. Applicants must have a history of drug abuse, have more than nine (9) months and less than two (2) years left to serve on their sentence (with good time calculated) in order to begin the application process.

Please give this application to the Behavioral Health Services Department. You will be scheduled for an interview for possible placement in the RDAP program. PLEASE PRINT CLEARLY:
