	<b>TITLE: Inmate Property</b>	

**AUTHORITY:**

Policy *CD-150200*

**PROCEDURES:** [4-4292] [4-4293] [4-4294]

**A. General Guidelines:**

1. Newly arrived inmates will receive a copy of this policy that includes a list of personal property allowed by custody level or program. Revisions and updated policy statements will be made available to all inmates upon request.
2. Personal property of all newly arrived inmates will be inspected and an inventory sheet will be completed including all property that an inmate has in his or her possession or is delivered with the inmate at that time. The inmate will be given a copy of the inventory sheet and must sign an acknowledgement that he or she received a copy and the information is accurate.
3. The inmate will be allowed to retain only what is permitted. Personal property not allowed will be disposed of in accordance with section J. of this procedure. [4-4285]
4. The inmate's personal property inventory list shall be retained in the Property Office. The property list is updated by information from the Classification Officer and the Property Officer as items are received and/or sent home or otherwise disposed of.
  - a. When an inmate is released or transferred, the articles on the list are checked against what he or she is taking with him or her. This ensures that no one will leave with another inmate's property.
  - b. Inmates will not be allowed to exchange personal property among themselves, or with immediate family members who are also incarcerated.

**B. State-Issued and Personal Property Limits:** [4-4335] [4-4336] [4-4338] [4-4339] [2-CO-4D-01]

1. Upon admission to any NMCD or NMCD contract facility, each inmate will be issued state-issued property listed on the **State-Issued Property Matrix** Attachment (*CD-*

150201.A) through the Facility Laundry, documented on the **Inmate State-Issued Property** Form (CD-150202.3).

2. State-issued non-consumable items will be returned upon transfer to another New Mexico Correctional institution or upon the discharge/parole of any inmate.
3. NMCD staff at Level I and Level II facilities are not required to provide new state-issued underwear or hygiene items unless the inmate can prove indigence.
4. The **Inmate State-Issued Property** form (CD-150202.3) shall be completed indicating the size and quantity of clothing issued and the inmate shall date and sign the form indicating receipt of the items. A copy of this form will be retained in the property file and maintained by the Facility Laundry Officer.
5. Although a certain category of items may be permitted, a specific type of that item may be rejected if it constitutes a threat to the security of the institution. For example, although religious medallions not exceeding \$50.00 in value are generally permitted, a specific type of medallion may be rejected if it can easily be used as a weapon.
6. Each institution may make a determination as to the amount of allowable electronic devices based on the layout of the physical plant of the facility and inmate's access to and number of available electrical outlets.
7. Inmates housed at RDC who are not yet classified will not be allowed to order personal property from vendors.
8. County Jail inmates will be allowed to purchase canteen if housed for over 60 days in the NMCD facility and have not been found guilty of misconduct. They will be provided with state-issued property.

#### C. Confiscated/Contraband Items

1. Any state-issued or personal property which is not allowed shall be listed by the Property Officer on the **Property Inventory Sheet** under "*Confiscated/Contraband Items*" and disposed of in a manner consistent with section J. of this procedure. The method of disposition shall be noted on the form and acknowledged by the inmate's signature.
2. In the event an inmate is found in possession of another inmate's legal materials and those materials are confiscated, the Property Officer will make a reasonable effort to return the legal materials to the inmate to whom they belong.

#### D. Acquisition of Personal Property:

1. In addition to the property which inmates are allowed to retain upon admission, inmates may acquire additional personal property through institutional canteens and the following list of approved vendors:
  - a. Access Securepak;
  - b. Keefe Group;
  - c. Walkenhort's; and
  - d. Union Supply Group
2. Inmate personal property shall not be directly mailed in or brought in by any visitor, Corrections Department employee or Contract employee, or any other individual entering the facility. All personal property must be purchased by inmates via property officer and approved vendors or canteen/inmate store. Family members will not be allowed to purchase personal property for inmates.
3. Inmates may acquire books, magazines, and newspapers from the publisher, not to exceed the allowable quantity as per institutional custody limitation. Nudity, pornography, and/or gang-related materials are prohibited.
4. Inmates may not acquire personal property in any manner other than those listed in this section. Those items acquired by means other than those listed in this section will be confiscated and destroyed.
5. Inmates who have been approved to participate in the work release program will be allowed civilian clothing (5 shirts / 5 pairs of pants) that will be stored at the work site. If the inmate employer provides the inmate with a work uniform, the inmate will not be allowed to purchase civilian clothing. Civilian clothing must be purchased directly from an approved vendor using a debit memo. All gang-related clothing is prohibited.

**E. Procedure for Canteen and Approved Vendor Purchases:**

1. The Wardens at each Unit shall designate appropriate personnel to address the orderly control and documentation of all property purchased or acquired by inmates.
2. An inmate who wishes to purchase non-consumable personal property through the canteen shall be responsible for submitting a debit memo to the business office. The property officer shall be responsible for recommending approval or disapproval of the purchase and for forwarding it to the appropriate Deputy Warden for a final decision. Prior to forwarding the requisition for non-consumable items to a Deputy Warden, the Property Officer shall ensure that the purchase is in accordance with this policy and procedure.
3. Upon receipt of property items from vendors, the mailroom shall forward the property to the respective Unit Property Officer for engraving or other appropriate identification and for recording in the inmate property file prior to issue.

4. The Property Officer shall be responsible for keeping an updated record of all non-consumable personal property items in an inmate's possession. The Property Officer shall record all purchases made through the canteen or approved vendors of non-consumable personal property on individual property and clothing cards.
5. The Property Officer shall be responsible for ensuring that all purchases of non-consumable items are properly recorded and all needed exchanges are made. An inmate not presenting an exchange item shall not be allowed to receive purchased personal property.
6. The Property Officer shall clearly mark all non-consumable property items with each inmate's name and number.
  - a. Inmates found in possession of another inmate's personal property will receive a disciplinary report.
  - b. Inmates found in possession of property that has been altered or has an altered identification name and/or NMCD number will receive a disciplinary report and said property will be confiscated.
7. Any approved non-consumable items with a value in excess of \$20.00 shall be added to the inmate's property inventory list by the Property Officer.

**F. Restrictions on Allowable Personal Property:**

1. All televisions must be clear and be restricted to a maximum 13" color screen with a clear case and with a jack for ear phones. Inmates will be allowed one (1) remote control device. TVs will be engraved with the inmate's NMCD # in the top right corner, and the serial number will be entered into the CMIS.
2. All portable stereo systems shall be restricted to nothing larger than a "Walkman" type AM-FM radio/cassette player with a jack for earphones in a clear case with non-detachable speakers. MP3 players are allowed, and CD players are prohibited.
3. All sweatshirts, sweatpants and gym clothes will have no logos/emblems and no pockets. Only gray is acceptable and must be of solid color with no collar.
4. The only shoes acquired through a vendor will be athletic type shoes, white/grey in color up to seventy-five dollars (\$75.00) in value, and shower shoes. The only other types of shoes allowed will be state-issued shoes.
5. Inmates may purchase additional boxer shorts and socks but may possess no more than seven (7) sets of each in their property (combination of 3 state-issued, and 4 purchased). Inmates may purchase additional pairs of shoes but may possess no

more than three (3) pairs (combination of 1 state-issued pair, and 2 purchased pairs).

6. Inmates who arrive with any type of medication shall relinquish it to the Property Officer upon arrival. The Property Officer shall immediately contact a member of the Medical Staff for medical evaluation, complete the **Property Inventory Sheet** under "*Medication*" and shall submit all medications to the on-duty supervisor of the Medical Department.

#### **H. Discretionary Transferable Personal Property:**

1. Normally, if an inmate is being transferred to an institution that allows televisions and Walkman-type stereo systems, that inmate's television and stereo system may be transferred to the receiving institution as the personal property of an inmate.
2. If an inmate is being transferred to an institution that does not allow televisions, Walkman-type stereo systems or other items (due to layout of the physical plant of the facility and inmate's access to and number of available electrical outlets) these personal property items will not be allowed.
3. If the personal property is not allowed, every effort shall be made to dispose of the personal property prior to the inmate's transfer, at the expense of the inmate, by the sending institution. If this is not accomplished, the receiving institution shall dispose of the personal property at the expense of the inmate.

#### **I. Property Inventory Procedure for Transfers:**

1. All Intra- or Inter-facility transfers will be coordinated and approved through the Deputy Warden or a designee.
2. Every attempt should be made to transport personal property at the same time the inmate is transferred.
  - a. The only exception should be during emergency situations.
  - b. If personal property is not transferred along with the inmate, the Shift Supervisor will ensure that the inmate will receive a copy of the inventory sheet and ensure that the personal property is secured and is transferred as soon as feasible.
3. The Property Officer of the sending Unit/Facility will be responsible for completing the **Property Inventory List** form (*CD-150201.1*) reflecting all property in the inmate's possession prior to the transfer. The inventory should be conducted in the presence of the inmate and the Property Officer and the inmate should sign the form. This inventory will be filed in the property room file. If the inmate cannot be present at the time of inventory, the Property Officer shall conduct the inventory in

the presence of a witness who shall also sign the form and shall indicate the reason that the inmate was not present.

4. The sending unit's Property Officer will bag and clearly label all property with the inmate's name, NMCD number and destination.
5. The sending unit's Property Officer and the Transport Officer(s) will ensure that a copy of the **Property Inventory List** form (*CD-150201.1*) accompanies an inmate's property.
6. The Property Officer at the receiving unit will inventory all property within twenty-four (24) hours in the presence of the inmate and complete a **Property Inventory List** form (*CD-150201.1*). Any property that is non-transferable shall be listed on the **Receipt for Confiscated Property** form (*CD-150201.2*), and the Property Officer shall make the proper arrangements for the disposal of the property in accordance with section J. of this procedure. In the event an inmate is found in possession of another inmate's legal materials and those materials are confiscated, the Property Officer will make a reasonable effort to return the legal materials to the inmate to whom they belong.
7. If the Property Officer is not present on duty when inmates arrive or depart the units, the Shift Supervisor on duty at the receiving/sending unit will be responsible for ensuring that the proper procedure is followed. If this is not possible, the property must be stored in a secure area until it can be inventoried and non-transferable items are confiscated.
8. If an inmate is temporarily transferred from an institution for a period of more than one (1) calendar day, but less than ninety (90) calendar days, the personal property shall be inventoried, packaged, and stored in a secure area as designated by the sending unit Deputy Warden, Chief of Security, or Administrative Captain.
9. If an inmate is temporarily transferred out of an institution for a period of time which is anticipated to exceed ninety (90) calendar days, and the personal property cannot be transferred with the inmate to the new location, disposition shall be decided on a case-by-case basis contingent upon the following factors:
  - a. Whether or not the inmate is expected to return within a reasonable period of time.
  - b. The inmate's wishes regarding disposition of personal property as indicated on the **Receipt for Confiscated Property** form (*CD-150201.2*); and
  - c. Whether or not the inmate's monies were transferred out with him or her.
10. Every time an inmate is transferred temporarily, they must complete a **Receipt for Confiscated Property** form (*CD-150201.2*) before departing; and each time

personal property is packaged for storage, a **Property Inventory List** form (*CD-150201.1*) must be completed in accordance with this procedure.

#### **J. Disposal of Personal Property:**

1. If the inmate's personal property is deemed to be non-transferable or in excess of institutional limitations, it will be disposed of in accordance with this section.
2. The inmate will designate how the personal property is to be disposed of by completing the **Receipt for Confiscated Property** form (*CD-150201.2*). This form will become part of the inmate's property file. The property may be disposed of in one of the following ways:
  - a. The personal property may be destroyed by institutional staff;
  - b. The personal property may be mailed out to an address designated by the inmate, at the inmate's expense for postage. A signed Debit Memo shall be attached to the Personal Property Disposition Form.
  - c. An authorized visitor may pick up the personal property within fourteen (14) calendar days of an inmate's arrival at an institution.
  - d. Personal property that was approved prior to this policy but is no longer allowed may be picked up by an authorized visitor within fourteen (14) days or shipped out at the inmate's expense. Disposition shall be indicated on the **Receipt for Confiscated Property** form (*CD-150201.2*).
  - e. Inmates will be informed on the **Receipt for Confiscated Property** form (*CD-150201.2*) that if the inmate has not arranged for the personal property to be picked up within fourteen (14) days or paid to have the personal property mailed within fourteen (14) days, it will be destroyed.
  - f. Should the inmate be unwilling or unable to make a determination as to what personal property to retain, the decision will be made by a Deputy Warden or Chief of Security, and the remaining personal property will be disposed of in accordance with these procedures.
3. In the event of an escape, Corrections Department staff will utilize an inmate's property for investigative purposes to determine escape mode, route, etc., and they will dispose of the property in a manner in accordance with the following methods. Methods of disposal shall include, but are not limited to:
  - a. Confiscation of abandoned property.
  - b. Destruction.

- c. Mailing the property to an address previously designated by the inmate, and at the inmate's expense. This would require the inmate to have a sufficient amount of money in his or her account in order to pay for postage; or
- d. Having an approved visitor pick up the property within fourteen (14) calendar days from the date of escape or at the completion of the investigation of escape.

**K. Hobby Shop Supplies, Projects:**

1. Hobby Shop supplies may be purchased by inmates through the Hobby Shop officer. The value of the supplies shall not exceed the amount specified by this procedure.
2. Hobby Shop supplies that are inherently dangerous or toxic in nature may not be retained as personal property in the general population living units.
3. Completed Hobby Shop projects cannot be retained as personal property by inmates. These items will not be considered transferable personal property.
4. Hobby Shop items will be mailed out at the inmate's expense or sold in the lobby areas via the Hobby Shop officer. Approved visitors may pick up Hobby Shop items to take home, but the transaction must be coordinated by the Hobby Shop officer and the Deputy Warden.
5. Levels I through III will be allowed to purchase Hobby Shop items. The value will not exceed \$50.00 at any one time. Level IV and PBMP Hobby Shop items are limited to the privileges provided within the step system.

**L. Grievances Regarding Lost or Damaged Property:**

1. The New Mexico Corrections Department will not be liable for the loss of or damage to personal property unless it is evident that the Department, through negligence, was directly responsible for the loss or damage.
2. All inmates will sign a **Property Inventory List** form (*CD-150201.1*) every time they arrive at a New Mexico Corrections Department facility, stating that all their personal property is accounted for, and that they understand it is their responsibility to keep their cell doors or lockers/closets secured when they leave their respective housing units.
3. Any disputes shall be settled through the established inmate grievance procedure in *CD-150500*.

4. The Department shall attempt to minimize loss and damage claims by making every effort to transport personal property along with inmates and to inventory personal property in the presence of inmates.

**M. Quarterly or Birthday Packages:**

1. Inmates classified in the following statuses are not eligible to receive a Quarterly or Birthday package:
  - a. Inmates in PBMP.
  - b. Inmates pending transfer to PBMP.
  - c. County Jail Inmates held in custody for less than 60 days.
  - d. Inmates on PHD, or Disciplinary Restrictive Housing.

  - f. Inmates in the Drug Suppression Program.
2. Inmates in Level IV, all of Level III, all of Level II, and all of Level I may receive a Holiday package.
3. Inmates may only obtain consumable items through Quarterly or Birthday packages. Non- consumable items are not allowed. Only approved visitors on the inmate's visiting list will be allowed to purchase a Quarterly or Birthday package through the approved vendor. The visitor will submit a list of items to the approved vendor along with the payment. The vendor will then ship the Quarterly or Birthday package to the inmate. The maximum dollar amount allowed is a total of seventy dollars (\$70.00) from up to two visitors.
4. Inmates who have no one on their approved visitors list may order a Quarterly or Birthday package of consumable items directly from the approved vendor. Each inmate may order one Quarterly or Birthday package containing a maximum of seventy dollars (\$70.00) worth of consumable items only from the approved vendor through the purchase order process identified in the institutional policy.
5. Quarterly or Birthday packages must comply with the following standards:
  - a. The mailroom officer will keep track of inmate's Quarterly or Birthday packages and the total value of all packages, not to exceed seventy dollars (\$70.00).
  - b. All items must be commercially packaged in a transparent container or factory sealed wrappings; e.g. plastic, cellophane, foil, etc. No glass containers will be accepted. No canned foods will be accepted.
  - c. All Quarterly or Birthday packages shall be delivered either by the U.S. Postal Service, FedEx, or United Parcel Service (UPS) only.

6. Inmates who have medical problems that prevent them from receiving the normal pre-authorized Quarterly or Birthday package items will have the opportunity to obtain special approval for other items through their Classification Officer, from the Deputy Warden or a designee.
7. A tracking system will be maintained by the mailroom staff, with each inmate's name and number, the date the package arrived, the dollar amount received, not to exceed seventy dollars (\$70), and if the package was sent by an approved visitor.
8. All incoming packages shall be inspected for contraband.
9. All contents of said packages shall be recorded on a Quarterly or Birthday **Package Receipt** and filed in the property file.
10. All inmates shall receive their Quarterly or Birthday packages in a timely fashion and shall receive all consumable items only after signing a receipt. The Quarterly or Birthday **Package Receipt** shall include such information as: inventory of contents, rejected and/or damaged items received and their disposition.

**N. Exceptions:**

1. Inmates in possession of property of a medical nature, which was previously approved, shall be allowed to retain such property. However, these items shall not be replaced without subsequent medical documentation.
2. In as much as female inmates are all housed in the same multi-custody level facility, female inmates who are classified under the various custody levels shall be provided with a list of permissible personal property by their institution. The list shall be comparable to the list for male inmates, in addition to the following allowable personal property:
  - a. Two (2) pair of earrings (no stones) not to exceed fifty dollars (\$50.00), per pair.
  - b. Make-up not to exceed sixty dollars (\$60.00) and purchased through canteen.
3. In extraordinary circumstances, the Warden may authorize reasonable deviations from this policy. Any such deviations must be expressly stated in writing by the Warden.

**O. Storage of Excess Legal Property and Mail:**

1. Inmates will be allowed to retain legal materials with regard to cases that they intend to file in the near future, and for cases that have already been filed and are still active; provided the type and amount of these legal materials otherwise are in conformance with NMCD policy.

2. All inmate personal property is expected to be stored in the storage space provided, including legal materials. However, at times a legitimate need may exist for additional storage space to be provided to store legal materials. Legal materials include pleadings, transcripts, books, notes, correspondence to and from attorneys and courts, and related supplies, including writing instruments, paper, postage, and envelopes.
3. Inmates who have legal material exceeding the storage space provided must request and justify to a Deputy Warden or a designee the need for a second storage locker.
  - a. Such additional space for legal materials is authorized only if the inmate can establish to a Deputy Warden or a designee that the storage space provided by the first box has been totally consumed by legal materials, current educational materials, and a reasonable amount of hygiene, arts and craft, commissary, and other personal property items.
  - b. For the purpose of this review, a reasonable amount of hygiene, arts and craft, commissary, and other personal property may not exceed one-half of the space available in the first storage box. The Deputy Warden or designee may review the need for the second storage locker every 90 days.
3. If an inmate cannot secure all of his or her designated legal materials in the second storage locker provided pursuant to the preceding paragraph, a written request for special review and consideration must be forwarded by the inmate to the Librarian, who will conduct a review of the amount and types of all the materials that the inmate identifies as legal material. The Librarian will advise the requesting inmate of the criteria applicable to the review and the options available to the inmate for reducing the volume of the inmate's legal materials prior to conducting review. These options would include, but not be limited to: eliminating items available in the law library, eliminating items which are not current or active, reducing the amount of supplies, and/or mailing items to persons for storage. The inmate is expected to make a good faith effort to reduce the volume of legal materials in accordance with these procedures. The inmate may designate correspondence to and from his or her attorney or attorney's representative as privileged and confidential.
  - a. If the legal material is designated as privileged correspondence, the Librarian shall only review the designated legal material to the extent necessary to determine:
    - 1) that the correspondence is either to or from the requesting inmate, and
    - 2) The correspondence is either to or from privileged correspondent, excluding attachments or appendices. The Librarian's review of the inmate's legal material will consider the following factors in determining whether the legal materials qualify for consideration for additional storage:

- a) Whether the legal material relates solely to matters in which the requesting inmate is a party or potential party;
  - b) Whether the material is not available from the law library; and,
  - c) Whether the material is reasonably necessary to support current, ongoing litigation or anticipated litigation.
- b. Based on this review, the Librarian will make a recommendation to the unit Deputy Warden concerning provision to the inmate of additional storage for legal materials. A Deputy Warden's decision to provide or not to provide additional storage is subject to review through the inmate grievance procedure. The continued need for additional storage, if approved, is subject to review every ninety (90) days.
- c. If the inmate is issued a second or subsequent box consistent with the procedures outlined above and has unused space remaining in the additional box, he or she may store educational materials and personal copies of legal materials available from the law library in the remaining portion of that box. Inmates may not retain any legal materials relating to another inmate's legal matters.
- d. If the inmate is determined to be eligible for additional storage, he or she will be allowed thirty (30) days from the date that the grievance process is completed, in which to dispose of any materials that will not fit in the allocated space. The excess material may be mailed elsewhere at the inmate's expense, be picked up by approved visitors with prior arrangement through the Classification Officer, or be turned over to the Property Officer for destruction. Indigent inmates may apply for postage in accordance with institutional policy.
- e. In the event an inmate is found in possession of another inmate's legal materials and those materials are confiscated, the Property Officer will make a reasonable effort to return the legal materials to the inmate to whom they belong.
