A. Qualifications for Authorized Personnel:[4- APPFS-3A-21]

1. The employee must qualify with the primary firearm two (2) times per year.
2. Upon approval of the Director, some tactical specialized units and all firearms instructors will be required to qualify with the rifle and/or shotgun.
3. Courses of fire will be similar to Law Enforcement Academy (LEA) standards.
4. After each qualification phase the Division Range Master must submit a memorandum to the Division Director identifying all employees who fail to qualify, either by absence or failing to achieve a minimum score.

B. Failure to Qualify for Authorized Personnel:

1. The purpose of this procedure is to establish a process to allow each employee who is currently authorized to carry a weapon an attempt to re-qualify on a failed course of fire.
2. Employees re-qualifying will not be required to qualify back-to-back. Only one passing shoot is required.
3. Employees re-qualifying who do not pass the initial re-qualification shoot, will be required to qualify back-to-back in the same day in order to demonstrate proficiency.
4. Any employee who fails to qualify after the second attempt, on any course of fire, will be scheduled for remedial training to take place within ten (10) working days from the date the employee failed the qualification firing.
5. The Range Master will immediately notify the Division Director of the occurrences.

6. An employee must surrender a state-issued weapon to the Range Master until the employee has passed the qualification.

C. Remedial Training for Authorized Personnel:

1. Remedial training will consist of a minimum of two (2) hours and will not exceed twelve (12) hours. Remedial training will require both lecture and practical application on the fundamentals of marksmanship, shooting positions and reloading techniques.
2. At the point of the two (2) hour mark of the remedial training session, the Range Master can assess the employee's progress to determine if the employee has the ability to qualify or should continue with remedial training.
3. Once the employee has demonstrated proficiency by qualifying back-to-back on the course of fire failed (day and/or night), the employee will return to duties assigned prior to the administrative assignment.
4. If the employee fails to qualify back-to-back at this remedial training session, the employee will immediately forfeit the weapon (if state-issued) to the Division Director and authorization to carry a firearm will be restricted. Any further action will be determined by the Division Director.
5. Employees may reapply to carry a firearm beginning at the Chain of Command approval process.
